

# Being a Paramedic

Badge Awarded to

# Haruna Ademoye

This badge was awarded for completing the web-based training 'Being a Paramedic' on atingi.org. In a 100% self-paced learning scenario created by Siemens Stiftung in cooperation with common sense - eLearning & training consultants, the badge holder can successfully:

- Describe the career of the paramedic;
- List the requisite skills, job benefits, and opportunities in the health sector;
- Explain the concept of the human body, wound healing, and hygiene.

Criteria	Type of credential
----------	--------------------

This is a credential based on summative assessment.

## General Learning Objectives

1. Describe the career of the paramedic
2. List the requisite skills, job benefits, and opportunities in the health sector
3. Explain the concept of the human body, wound healing, and hygiene

## Course Topic and Specific Objectives

1. Understand basic STEM knowledge linked to the profession of the Paramedic
2. Career perspectives of the Paramedic
3. Know what a paramedic does and what it takes to become one

## Learning Activities

Self-paced e-learning featuring:

- Text and multimedia presentations that introduce key concepts and apply them to the workplace
- Links to public websites and videos to add depth and relevance
- Interactive checkpoints within the course to test for knowledge and understanding

## Assessments

There are several checkpoints for formative assessment embedded in the course. The course concludes with a final summative assessment consisting of 9 multiple-choice questions. Single or multiple answers are possible. Responses are automatically assessed. The assessment is regarded as passed if the examinee answered at least 80% of the questions correctly. Multiple attempts are permitted.

## Estimated learning time

3 hours

## Competency category

Health Care / Sector

## Level

Novice

## About the atingi platform

The digital learning platform “atingi.org” by the German Federal Ministry for Economic Cooperation and Development (BMZ) harnesses the tremendous potential of inclusive digitalization in education for everyone and everywhere by offering free and relevant learning content in the form of self-paced learning courses. atingi was developed by a team of digital experts at Gesellschaft für Internationale Zusammenarbeit (GIZ) and works closely with Smart Africa, the

African Union's digital initiative, as well as many other partners from business, politics, academia, and civil society.

atingi takes privacy and data protection seriously and complies with the General Data Protection Regulation (GDPR).

## About the Siemens Stiftung

Siemens Stiftung operates in the areas of Development Cooperation, Education, and Culture. In the education sector, the foundation develops projects that promote high-quality STEM teaching and learning that bring about lasting social change.
